

FIG. 1

FIG. 2

FIG. 1 is a perspective view of a circular ring 16. The ring has an outer edge 17 and an inner edge 18. A series of rectangular protrusions 19 are arranged around the outer edge. A cross-section 31 is indicated by a line passing through the ring. Labels 15B and 15C point to the inner and outer surfaces of the ring respectively.

Figure 1 is a schematic diagram of a circular gear-like structure (18) mounted within a square frame (23). The structure has four protruding arms (20) at the corners. The frame has four circular mounting holes (21) at the corners. The gear-like structure is labeled 17, and the frame is labeled 22.
